WHAT INVESTMENT SERVICES AND ADVICE CAN YOU PROVIDE ME?

Services

We offer personalized investment management services to retail investors by giving you continuous advice and making investments for your account based on your individual investment goals. We have various portfolio strategies that we offer, including the HCA Healthcare Opportunities Portfolio, the HCA Balanced Portfolio, and the HCA Earnings Growth Portfolio. While our investment management services includes elements of financial planning, we also offer financial planning and consulting as a stand-alone service. Other services include sub-advisory services and bookkeeping services.

Monitoring

We monitor the investments in your portfolio on an ongoing basis. We will contact you (by phone or email) at least annually to discuss your portfolio and to see if there are any changes in your financial circumstances and investment guidelines. Based on what we learn, your accounts will be rebalanced to meet your changing needs, stated goals, and objectives. Typically, no monitoring or formal reviews will be conducted for financial planning and consulting services clients.

Investment Authority

You can choose an investment management account that allows us to buy and sell investments without asking you in advance (a “discretionary account”) or we may give you advice and let you make the ultimate decision regarding the purchase or sale of investments (a “non-discretionary account”).

Account Minimums

In order for you to establish an investment management relationship with us, we require a minimum account size of \$100,000, although we may waive this requirement under certain circumstances. There are no account minimums for our financial planning and consulting services.

FEES, COSTS, CONFLICTS, AND STANDARD OF CONDUCT

What fees will I pay?

We charge an asset-based fee for our investment management services in one of two ways depending on what “type” of client you are: (1) Qualified Clients will pay a 1% management fee and, if applicable, a performance fee of 20% of the net profits in their account, quarterly in arrears and (2) Non-Qualified Clients will pay a management fee in an amount not to exceed 2% of the value of their account, either monthly or quarterly in arrears. Financial planning and consulting services clients will pay an hourly fee upon completion of the services and sub-advisory services are charged on either a fixed-fee or percentage of assets basis, monthly or quarterly in arrears. The fee for our bookkeeping services are fixed and are charged on either a monthly or quarterly basis. *In regard to our asset-based fees, the more assets that are in your account, the more you will pay in fees and therefore, we may have an incentive to encourage you to increase the assets in your account.* Investment Management fees will be automatically deducted from your advisory account. We will send you an invoice for our Financial Planning and Consulting fees as well as for our bookkeeping fees.

In addition to our advisory fees, you may be responsible for paying some or all of the following types of fees:

- Fees paid to the custodian that holds the assets in your account
- The fees paid to managers of the mutual fund(s) that are selected for your account
- Transaction fees when an investment is bought or sold for your account

Hudson Capital Advisors, Inc - Client Relationship Summary

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investment over time. Please make sure you understand what fees and costs you are paying.

YOU CAN FIND INFORMATION ABOUT THE COSTS ASSOCIATED WITH OUR ADVISORY SERVICES IN OUR [FORM ADV PART 2A BROCHURE](#).

A question that may help you understand how these fees and costs might affect your investments:

- If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Our advisors have an economic incentive to encourage you to invest money through them, since this increases their compensation (because they are paid in part based on the assets they manage). While we do not believe this is a material conflict, you should be aware of this. In addition, we have certain conflicts that arise from providing sub-advisory services to other registered investment advisers and from the fact that William N. Hudson, III, the President and principal owner of Hudson Capital, is an investment adviser representative with Hudson Advisor Services, Inc., an SEC-registered investment adviser.

YOU CAN FIND ADDITIONAL INFORMATION ABOUT CONFLICTS OF INTEREST ASSOCIATED WITH OUR ADVISORY SERVICES IN ITEM 10 OF OUR [FORM ADV PART 2A BROCHURE](#).

A question that may help you understand our conflicts of interest:

- How might your conflicts of interest affect me, and how will you address them?

How do your financial professionals make money?

Our financial professionals are compensated based on the amount of client assets that they service, and the time and complexity required to meet client's needs.
